

▪ Career Objective

- MCA graduate with strong technical knowledge in Java, Web Development, Database Management, and Software Engineering. Looking for an opportunity to start my professional career in a technology-driven organization where I can apply my skills, learn emerging technologies, and contribute to innovative projects while building a successful career in the IT industry.

▪ Education

Degree	Institute	CGPA	Year
MCA	Amity University, Punjab	8.08	2026
BCA	MGKVP	7.85	2023

▪ Internship

- Think Next Technologies PVT.LTD. (Trainee) June 2025 - August 2025
Collaborated in a team of two to design and develop a Smart Student Performance Analysis System using Python, Machine Learning algorithms, and a web-based interface, delivering an end-to-end solution for predicting and analysing student academic performance.

▪ Projects

- Himalya Farm Fresh:- A farm-to-consumer e-commerce platform designed to connect farmers with customers for the direct sale of fresh agricultural products.(Tools: : HTML , CSS, JavaScript, Bootstrap, jQuery, PHP , SQL , Python ,ML)
- Student Performance Analysis System:- A student performance analysis system designed to track academic progress, generate reports, and provide insights through data analysis and visualization.(Tools: : AI/ML , Python)
- Restaurant Database Management:- A restaurant database management system designed to efficiently handle menu, orders, reservations, customer records, and billing operations. (Tools: HTML , CSS, JavaScript, SQL, PHP)
- Smart Resume Builder AI :- An AI-powered resume builder that generates professional resumes with intelligent content suggestions, customizable templates, and skill-based recommendations.(Tools: React.js, Node.js, OpenAI API, Tailwind CSS, MongoDB)
- Moto shield-X: AI Based Intelligent Two-Wheeler Rider Safety System:- An AI-based intelligent rider safety system that uses computer vision and machine learning for object detection, helmet detection, drowsiness monitoring, emotion recognition, and real-time safety alerts. (Tools: python OpenCV Deep learning(YOLO v8))

▪ Skills

- **Programming Languages:** HTML, CSS, JavaScript, PHP, Python, Java, VB.NET, ASP.NET, C, C++ • Technologies: Django, Machine Learning Algorithms, Database Management, SQL, Linux.
- **Tools:** PhpMyAdmin, MySQL, Visual Studio, Jupiter Notebook, Eclipse, Data Structure Algorithms, Object-oriented Design .

▪ Certifications

- AI/ML Using Python , Think-Next Technologies PVT LTD. August 2025
- Frontend Development , OneRoadMap.io. July 2024
- Backend Development , Aradhya Technologies. August 2023
- Entrepreneurship Development Programme, MCIIE Varanasi. June 2022
- Python Programming, Techup Technologies. January 2022
- Web Designing, Techup Technologies. November 2021
